When: Thursday, February 04, 2016 1:00 PM-2:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: TBD

We were hoping to be able to sit down and discuss what is known about the location(s) of the proposed injection wells at this time. We have a number of Superfund sites in the area some with groundwater plumes and would like to discuss potential impacts to the groundwater cleanups. I'll get a room and call in number if this time is ok for everyone!

Thanks!

Laura
